Read the lyrics before you listen to the song. See if you can guess which of the two words you will hear.
Then listen and circle the word you hear. Were your predictions accurate?

I found a girl / love for me
Darling just dive / jump right in
And follow my lead / trail
Well I found a girl / love beautiful and sweet
I never / always knew you were the one / someone waiting for me
'Cause we were just kids / fools when we fell in love
Not knowing what it was
I will not give you up / up on you this time
But darling, just kiss me now, / slow, your heart is all I own / hold
And in your eyes you're holding / seeing mine

CHORUS

Baby, we're / I'm dancing in the dark / park with you in / between my arms
Walking / Barefoot on the grass, listening / singing along to our favourite song
But / When you said you / I looked a mess, you / I whispered underneath your / my breath
But you said / heard it, darling, you look / are perfect tonight

Well I found a girl, / woman, stronger / lovelier than anyone I know
She shares / hears my dreams, I hope that in time / someday I'll share her home
I found a love, / heart, to carry more than just my secrets
To carry children, / love, to carry children / love of our own
We are still kids, / fools, but we're so in love
Fighting with / against all odds
I think / know we'll be OK / alright this time
Darling, just hold my hand
Be my woman, / girl, I'll be your man / guy
I see my future in your eyes / the stars
